2nd InterSystems Tech Article Contest: And the Winners are...

Hey everyone,

Lots of new content to read! Thanks to our wonderful participants of the 2nd InterSystems Tech Article Contest!

25 AMAZING ARTICLES

So it's time to announce the best of them!

Let's meet the winners and their articles:

Expert Awards – winners selected by InterSystems experts:

1st place: Data anonymization, introducing iris-Disguise by @Henry Pereira

2nd place: IntegratedML hands-on lab by @José Pereira

3rd place and two winners:

- VSCode-ObjectScript on GitHub by @Dmitry Maslennikov
- Invite the FHIR® Accelerator Service to your Kubernetes Microservice Party by @Ron Sweeney

Community Award – winner selected by Community members, article with the most likes:

Data anonymization, introducing iris-Disguise by @Henry Pereira

Hope this win will be a great Christmas present for all of the winners!

This time, we'd like to reward some more authors **for the number of contributions**:

- @Yuri Marx: 4 articles!
- @Sergey Mikhailenko: 3 articles!

These guys will get Apple AirPods Pro *OR* Amazon Kindle 8G Paperwhite *OR* Raspberry Pi 4 8GB with InterSystems IRIS Community Edition ARM installed!
