## Global Summit Free Registration Contest Leaderboard

Hi, Community!

We've started [InterSystems Global Summit Free Registration Contest](#) this week.

Here is [interactive leaderboard](#) available!

We are still working on filtering some useless comments but in general it works well.

It updates the information in the board in 4-5 hours after contribution.

How to place your name in the first line?

Make useful posts, add helpful comments, share your posts on social networks to let people comment and vote on it.

See you on [InterSystems Global Summit 2016!](#)
