Featured InterSystems Online Course: Integration Architecture: Ensemble and HealthShare

Are you going to be building an integration with Ensemble or HealthShare? Take the following course to learn about the core architecture in building an integration, the parts and pieces involved and the most common ways that data flows through that architecture.

Integration Architecture: Ensemble and HealthShare

Learn about the basic architecture of InterSystems' solution for integration. This course is for people who have purchased either Ensemble and HealthShare. This course covers the main parts of integration, each part's function and how data flows through that architecture. [Learn More.](#)
