What is the Developer Community MVP award?

The Developer Community MVP award will honor the person who makes the most significant and useful contributions to the Developer Community during the two weeks from 3rd to 17th of March, 2016.

How will we determine the most valuable participant?

Your contribution will be measured by:

- The number of comments made to those posts
- The number of votes those posts and comments receive
- The number of comments you make on other people ' s posts

We will count activity in the groups: [Atelier](#), [Cloud](#), [Caché](#), [DeepSee](#), [Ensemble](#), [Field Test 2016.2](#), [iKnow](#), [InterSystems Global Summit](#), [Java](#), [Learning Services](#), [SQL](#), [Supported platforms](#), [Web Development](#) and will count only helpful comments (we will filter "+1", "bump" etc). The decision of the judges is final.

How can we see the leaderboard?

It will be available as soon as the competition starts.

What are the dates?

The contest begins March 3, 2016 at 00:01 AM EST and ends March 17, 2016 at 11:59 PM EST
