## 2016.2 Field Test Kit 2016.2.0.609.0

I am pleased to announce the next 2016.2 field test kit, 2016.2.0.609.0.

This is a relatively light update with only a few dozen changes from the previous field test, spread out across all areas of the product. Also, in a break from the recent past, this update doesn ' t contain any new fixes to problems found in the field.

Please download the kit and give it a try; the latest field test of 2016.2 is available [HERE](#). And, as always, we welcome your feedback.
