# [Ensemble Production Interface] Can anyone tell me what this means?

Occasionally I see a production item with a little 2 flag. When it has that, there is an "Item" dropdown. What does this mean?

The screenshot shows the Ensemble Production Interface. At the top, there are controls for 'Start' and 'Stop', a 'Refresh' button with 'on' and 'off' radio buttons, and a 'Sort' dropdown set to 'Name'. Below these are 'Item' and 'Category' dropdowns. The main area is divided into two columns: 'Services' and 'Processes'. The 'Services' column contains a list of service names, each preceded by a green dot. One service, 'Custom.MHC.GVMH.HS.IHE.XDSb.Repository.Services', is highlighted in yellow and has a small '2' flag next to it. The 'Processes' column contains a list of process names, each preceded by a green dot. The 'Item' dropdown is currently set to 'Custom.MHC.GVMH.HS.IHE.XDSb.Repository.Services', and the 'Category' dropdown is set to 'All'. The interface also shows a 'Production Running' status indicator and a 'View' button.
