Featured InterSystems Online Course: HL7 I/O using HealthShare

Learn about the creation and configuration of the HealthShare Business Services and Business Operations used to support the receipt and re-transmission of HL7 messages.

Take HL7 I/O using HealthShare online course to learn to:

- Add HL7 Business Services and Business Operations to a production, both through the portal ' s wizards and by copying a component already in the production.
- Configure HL7 Business Services, Operations, and Adapters.
