## June 30th DC release

Hi, Community!

I'm pleased to announce the new Developer Community release today. Meet the changes!

New voting system

Now you can vote for the post or comment with like or dislike buttons to change the post/comment rating.

Previous ratings converted to the new rating with the following rule:

4,5 stars = +1

1,2,3 stars=0.

Improved email notifications

You should receive HTML notifications now on new posts and comments on DC.

Please share your feedback with the recent release.

And vote up this post ;)
