Developer Community Digest, November 2016

Hi, Community!

Here is the digest of Articles and Questions published on InterSystems Developer Community in November 2016.

Most viewed

- [Caché and Ensemble 2017.1 field test now available](#) 212
- [Simple Arithmetics](#) 179
- [Reflection in Caché](#) 177
- [Importance and Collection of Exact Version Information \(\\$zv / \\$zversion\)](#) 162
- [How do you iterate through SQL in Cache ObjectScript; and across namespaces?](#) 129
- [Connect Cache client to GT.M database](#) 128
- [Round to next whole number](#) 128
- [How to work out the cause of a STORE error](#) 121
- [Caché Localization Manager or i18N in InterSystems Caché](#) 118
- [InterSystems Data Platforms Capacity Planning and Performance Series Index](#) 117

Most voted

- [SYSLOG - what it really is and what it means](#) 12
- [Importance and Collection of Exact Version Information \(\\$zv / \\$zversion\)](#) 10
- [Wireshark installer could affect Studio.exe and csystray.exe on Windows](#) 8
- [Bachelor thesis: Automated quality rating of emergency calls using NLP](#) 7
- [Mysterious errors when running common commands!](#) 7
- [New InterSystems Developer Community Moderator](#) 6
- [Caché and Ensemble 2017.1 field test now available](#) 6
- [Vote here - Should Portal's schema editors respect source control?](#) 6
- [Returning Disk Space to File Systems](#) 6
- [Exploring Code Generation with Caché Method Generators](#) 6

Most commented

[Update several rows in SQL statement at Management Portal](#) 11

[DB access from CSP page without creating link table](#) 9

[How to export class package in xml](#) 9

[creating a UTF8 encoded files](#) 9

[Connect Cache client to GT.M database](#) 8

[How to log out from a web application?](#) 8

[How to work out the cause of a STORE error](#) 8

[Round to next whole number](#) 7

[What the Cache class to find the NodeName](#) 7

[Customizing DeepSee time level within date hierarchy](#) 7
