Top 10 Authors in 2016

Hi, Community!

Over 600 different authors posted anything on Developer Community in 2016.

Developer Community contains some brilliant pieces of content because of you. Thank you!

With one of the latest DC releases we introduced "Member Follow" functionality, so you can open any members' page, follow him and be subscribed to all his new posts and comments.

Just to give you ideas who to follow in 2017 here is top 10 authors in 2016 for several nominations ;)

All the nominations do not include postings within Developer Community tag or group.
