Webinar: Monitoring Message Volume and Disk Space in Ensemble and HealthShare

Hi, Community!

You know that your productions need to be monitored. But what should you be monitoring, and how?

Let me invite you to [join Michael Brady](#), Technical Trainer with InterSystems Learning Services, to learn about message volume monitoring tools, what really happens when you purge a message and how you can monitor your disk space from afar.

This [webinar](#) is valuable for anyone managing Ensemble or HealthShare productions.

It will take place on Thursday, May 4, 2017 10:30 am Eastern Daylight Time (New York, GMT-04:00)

20 0 1 248 3
