InterSystems Developer Meetup: Who are the Presenters?

Hi, Community!

You know we would have a [meetup in Boston](#) on the 8th of ~~July~~ August with the following agenda:

Time	Topic	Presenter
5-30pm	Registration and welcome coffee	
5-55pm	Opening	Evgeny Sh
6-00pm	Atelier 1.1	Andreas Di
6-30pm	REST API in Caché	Fabian Hau
7-00pm	Coffee break	
7-30pm	Online Learning and Developer Community	Douglas Fo
8-00pm	End of the Meetup. Coffee, beverages	

Let me share some details about presenters.

[Andreas Dieckow](#) the product manager, [Joyce Zhang](#) the tech lead and [Michelle Stolwyk](#) the UX designer from the [Atelier](#) team will be sharing the benefits of the InterSystems new IDE and introducing the new features in the next release.

[Fabian Haupt](#) is an InterSystems senior support engineer, you might have worked with him on one of your WRC issues. Fabian is also an honored author on Developer Community. He will share some best practices on implementing REST API backends using InterSystems Caché, Ensemble, HealthShare.

[Douglas Foster](#), manager of the InterSystems [Online Learning](#) department will present the latest news about online learning and how the courses have evolved. He will demonstrate the resources available now and will gather feedback about what to include in the future online learning catalog.

And you can introduce your topic on the next meetup and share your success built with InterSystems Technology.

[Join us](#) on the 8th of August!
