Currently hiring developers Caché or Ensemble! Switzerland

Hello!

InterSystems is a fascinating yet niche marketed.

We are using it, but we struggle to find good developers to join us to work on Caché or Ensemble products.

Who is interested into joining us? the job will be in Geneva, Switzerland!

For more information, please drop me an email to: erika.stegagnini@ch.randstad.com or call me directly +41 58 2015408.

Thanks!

Erika
