My Reviews on Open Exchange - Dec.2021

If one of your packages on OEX receives a review you get notified by OEX only on YOUR package.
So [@ Evgeny Shvarov](#) suggested publishing my monthly summary of my reviews here in DC.
It reflects my experience with the status I found at the time of my review.

It is kind of a snapshot and might have changed meanwhile.
I also placed a bunch of Pull Requests on Github when I found a problem I could fix.
Some were accepted and merged, some just ignored.
So if you did a major change and expect a changed review just let me know.
