Global Masters Badges Descriptions

Hi Community!

Here you will find info about badges of the Developer Community & [InterSystems Global Masters Advocacy Hub](#), and the complete list of badges with descriptions on how to get them.

Please note: our current vendor doesn't have Levels functionality yet, but we are working on bringing it back.

General info about Levels & Badges on Global Masters Advocate Hub

All the participants are located on the 1st "Insider" level after joining the Hub. To level up, you should earn a number of badges from the next level. Badges can be earned for completing various challenges at the Global Masters.

You can find all levels and badges at the [Global Masters Advocate Hub](#) in your profile.

Also, you can see all earned badges at your DC profile page, except the badges from the Global Masters Achievements section (these badges related to Global Masters achievements only and visible at your Global Masters profile page).

Rules on how to achieve GM badges

We will update the table as the new badges are introduced.
