## New Video: Atelier for Server-Side Development

Hi, Community!

If you want to become an Atelier power user for back end development, this video is exactly for you:

[Atelier for Server-Side Development](#)

This session recording provides guidance for configuring Atelier for back end development using the Terminal plug-in and gives an example of a workflow for modifying a server-side application.

See [additional resources here](#).

You are very welcome to watch all the videos about Atelier in a [dedicated Atelier playlist](#) on [InterSystems Developers YouTube Channel](#).

Enjoy and stay tuned! 😊
