Error in starting production

Hi, community

i've a problem with my production , it works since two months ago , today i can't start it , i don't know where is the problem !!!!

I enclose here screenshots for my production configuration .

thank's

The screenshot shows the InterSystems Developer Community portal. The browser address bar displays the URL: 194.2.225.126:57772/csp/sys/%25CSP.Portal.Home.z... The page header includes a navigation bar with links for Menu, Home, About, Help, and Logout. Below this, a welcome message 'Welcome, _SYSTEM' is displayed. The main content area features a sidebar with icons for Home, HealthShare, DeepSee, Ensemble, System Operation, System Explorer, and System Administration. The main panel shows a tree view of the production configuration, with 'Security' and 'Auditing' highlighted. The 'Auditing' section is expanded, showing options like 'Enable Auditing', 'Disable Auditing', 'View Audit Database', 'Configure System Events', 'Configure User Events', 'Copy Audit Log', 'Export Audit Log', and 'Purge Audit Log'.

Configuration »	Users	Enable Auditing
Security »	Roles	Disable Auditing
Licensing »	Resources	View Audit Database
Encryption »	Services	Configure System Events
Enterprise Manager	Security Domains	Configure User Events
	Applications »	Copy Audit Log
	SSL/TLS Configurations	Export Audit Log
	X.509 Credentials	Purge Audit Log
	OAuth 2.0 »	
	System Security »	
	Auditing »	
	Security Advisor	
	Mobile Phone	
	Public Key Infrastructure
