New Video: Deal with Dynamic (Schema-less) Data

Hi, Community!

Check the second Developer Community Video of the week:

Deal with Dynamic (Schema-less) Data

The task is to store, load, and work with dynamic data that doesn't come with a fixed schema. This session recording demonstrates, how to:

- use the new persistence capabilities for dynamic data;
- persisting dynamic data from external sources, working with it, and sharing it with other parties.
