(Webinar Recording) Enter a New Era with Atelier

Have you heard interesting things about Atelier, the InterSystems Eclipse plugin, and want to learn more?

Join [@Michelle Stolwyk](#), a software developer at InterSystems, for [Enter a New Era with Atelier](#), a webinar in which she shows how Atelier can simplify your development workflow. She also discusses the feature priorities InterSystems has for Atelier and even explains how your feedback can affect these priorities!

Do you have questions for Michelle following the webinar? Feel free to post them below!
