New Video: Migrating Apps to the Cloud - The Basics

Hi, Community!

Please welcome a new session recording from Global Summit 2017:

Migrating Apps to the Cloud : The Basics

The task of this video is to decide whether or not to take an application based on InterSystems technology to the cloud.

@ Ray Wright outlines what factors need to be considered when making the decision to implement in the cloud – cost, scalability/performance, availability, skill set, security, data sovereignty, etc. Discusses the importance of automation.

You will find additional resources here.

Don't forget to subscribe our InterSystems Developers YouTube Channel.

Enjoy and stay tuned! 👍
