Join InterSystems Developers Meetup on 25th of June 2018 in UK, Belfry, Birmingham!

Hi, Community!

We are pleased to invite you to the [InterSystems UK Developers Community Meetup](#) on 25th of June!

The UK Developers Community Meetup is an informal meeting of developers, engineers, and devops to discuss successes, best practices and share experience with InterSystems Data Platforms!

See and discuss the agenda below.

An excellent opportunity to meet and discuss new solutions with like-minded peers and to find out what's new in InterSystems technology.

The Meetup will take place on 25th of June from 4 p.m. to 6 p.m. at The Belfry, Sutton Coldfield with food and beverages supplied.

Your stories are very welcome!

Here is the current agenda for the event:

3:30 p.m. — Welcome Coffee

4:00 p.m. — Big Data Platform for Hybrid Transaction and Analytics Processing, by Jon Payne

4:30 p.m. – Development Models and Teams, by [@John Murray](#)

5:00 p.m. – Reporting in DeepSee Web, by [@Evgeny Shvarov](#)

5:30 p.m. – Automatically configure a customized development environment, by [@Sergei.Shutov](#)

The agenda is not finalized, so if you want to be a presenter please comment below.

The UK Developers Meetup precedes InterSystems Joined Up Health & Care event – the annual gathering for the healthcare community to discuss and collaborate ways in which to improve care. View the agenda for JUHC [here](#).
