New Video: Shared Development in the 21st Century

Hi Community!

Please welcome a new session recording from Global Summit 2017:

[Shared Development in the 21st Century](#)

The task of this video is to use Atelier for an existing shared development project. [@Ben Spead](#) and [@Sergei.Shutov](#) explain how to combine Perforce source control hooks, Studio, and Atelier, with automated Unit Tests to demonstrate concurrent development with different IDEs with manual build and automated testing.

And...

Content related to this session, including slides, video and additional learning content can be found [here](#).

Don't forget to subscribe our [InterSystems Developers YouTube Channel](#).

Enjoy and stay tuned!
