(Webinar May 17) Introducing InterSystems Cloud Manager

When you hear people talk about moving their applications to the cloud, are you unsure of what exactly they mean? Do you want a solution for migrating your local, physical servers to a flexible, efficient cloud infrastructure?

Join Luca Ravazzolo for Introducing InterSystems Cloud Manager, (May 17th, 2:00 p.m. EDT). In this webinar, Luca — Product Manager for InterSystems Cloud Manager — will explain cloud technology and how you can move your InterSystems IRIS infrastructure to the cloud in an operationally agile fashion. He will also be able to answer your questions following the webinar about this great new product from InterSystems!
