Welcome to HL7 FHIR Dev Days 2018, June 19-21, Boston, MA!

Hi Community!

Join us at the FHIR event of the year in the US: the HL7 FHIR Dev Days 2018!
A unique chance to meet 400 colleagues and discuss all topics relating to your field.

InterSystems is proud to be the Host Sponsor of HL7 FHIR Dev Days for its first U.S. edition, Boston, June 19 – 21st! We support the HL7 FHIR standard as it is critical for rapid innovation. FHIR can be used as an accelerant to bring all the information that matters for a patent into a unified health record.

What is HL7 FHIR Dev Days?

HL7 FHIR Dev Days is a unique, in-depth educational experience. Learn from 40 of the greatest HL7 FHIR experts, and discuss practical, real world solutions with those who have implemented them.

Whether new to FHIR or with previous experience, this is where healthcare IT professionals will gather to learn in a collaborative, immersive environment. Plus – enjoy networking and social events with peers and experts from the FHIR hall of fame.

Who should attend?
Healthcare IT developers, decision makers, architects, designers, project managers, product managers and students.

Seating is limited, so we encourage you to register soon*!*
