New Video: SMART on FHIR Apps for Information Exchange

Hi Community!

Check the new video on [DC YouTube Channel](#):

[SMART on FHIR Apps for Information Exchange](#)

After watching this video, you will learn how to connect third-party SMART on FHIR applications to Information Exchange 's community health record.

This recording showcases the new tools available in HealthShare Information Exchange to host stand-alone SMART on FHIR applications as well as SMART on FHIR applications embedded in the Clinical Viewer.

Don't forget to check [additional resources](#).

Enjoy!
