Caché and Ensemble 2018.1 Field Test Release

InterSystems is pleased to announce availability of a field test version of Caché and Ensemble 2018.1

These kits can be downloaded from the [Field Test portal page](#).

There are hundreds of bug fixes, and several new features, including:

- Microsoft Volume Shadow Copy Service (VSS) Integration
- Support for Microsoft Integrated Windows Authentication for HTTP Connections
- SSH Enhancements

All platforms are available, except Oracle Solaris 10, 11 for x86-64.

We expect to update the field test kits about once a week, until release.
