InterSystems Developer Community December 2018 Digest

Hi Community!

This is a digest of the Developer Community postings in December 2018.

Most viewed

Win Advent of Code 2018 and Get a Ticket to InterSystems Global Summit 2019! 504

Review InterSystems IRIS or Caché and get two $25 Visa Cards! 163

How are stars counted? How InterSystems Caché eXTreme is used in Gaia 158

How to Create Namespace Programmatically in Terminal 153

Calling Javascript within Cache Object Script 136

cache basics 130

QEWD-Up: A New, Fast-track way to create REST APIs 125

Just for Fun. John Conway's Game of Life 114

Atelier 1.3 Update Released 109

How to get files from FTP Server 108

Source control with a shared development instance 85

AnalyzeThis ? Quick start into InterSystems BI 73

Adding Java to a IRIS Docker image 69

Some tips for beginners about using Terminal scripts 55

Get a list of Ensemble Lookup Tables and Schema documents in the current namespace 49

Issues on Mixed Mirrors of IRIS vs. Caché 43

Most voted

How are stars counted? How InterSystems Caché eXTreme is used in Gaia 6

Win Advent of Code 2018 and Get a Ticket to InterSystems Global Summit 2019! 5

AnalyzeThis – Quick start into InterSystems BI 5

Just for Fun. John Conway's Game of Life 4

Issues on Mixed Mirrors of IRIS vs. Caché 4

InterSystems Cache with Laravel (Eloquent) using ODBC 3

QEWD-Up: A New, Fast-track way to create REST APIs 3

Atelier 1.3 Update Released 3

Advent Of Code 2018. And The Winners are... 3

New Video: Coding Advent of Code 2018 with InterSystems ObjectScript in Visual Studio Code 2

Most commented

Win Advent of Code 2018 and Get a Ticket to InterSystems Global Summit 2019! 36

MAXLEN error on saving %Persistent class 12

Mirror Monitoring issue, status saying down even if it is running 9

How to Create Namespace Programmatically in Terminal 7

Calling Javascript within Cache Object Script 7

How to get files from FTP Server 6

Try to send the JSON stream from Process to Operation and generate file 6

How to mimic selenium in cache object Script 6

GROUP BY causes NativeError: [10053] 6

Just for Fun. John Conway's Game of Life 6
