New Video: Automating Enforcement of Code Standards

Hi Everyone!

New session recording from Global Summit 2018 is available on [InterSystems Developers YouTube Channel](#):

[Automating Enforcement of Code Standards](#)

This video discusses how you can use source control hooks to standardize capitalization, code completion, stylistic approach of code blocks, etc. Enforcing coding standards results in greater readability and maintainability of new and legacy code. We talk about our experiences and share the tools used by our own development teams.

Takeaway: I can make my code better by enforcing coding standards.
Presenter: [@ Nathan Keast](#)
