Not all parameters bound/registered

Hi,

what is reason of this error (Not all parameters bound/registered). this is not happening consistently.

Patient Detail

```
InterSystems.Data.CacheClient.CacheException (0x80004005): Not all parameters bound/registered
at InterSystems.Data.CacheClient.CacheCommand.prepare(Boolean prepareOnly)
at InterSystems.Data.CacheClient.CacheCommand.Execute()
at InterSystems.Data.CacheClient.CacheCommand.ExecuteReaderObject(CommandBehavior behavior, String method)
at InterSystems.Data.CacheClient.CacheCommand.ExecuteReader()
```

those are class method parameters

```
Query GetWorkItemsByEncounterID(encounterID As %Integer, userId As %Integer, IsSuperOrDev As
%Integer = -1, facilityAccessListCSV As %String(MAXLEN=32000),
locationAccessListCSV As %Library.String(MAXLEN=32000), skipReferralFilter = 0) As %SQLQuery [
SqlName = spGetWorkItemsByEncounterID, SqlProc ]
```
