I am trying to read in a data file via a Record Map and I am getting the following error...

[illegible]

The field in question has a MAXLEN = 5000 see below. Why am I getting this error?

Select sample file	Undo	Hide sample	Refresh sample	
» osuwmc.MatSys.DataStructures.MatSysIVT				
ItemID	0..1 %String			
InventoryLocationID	0..1 %String			
Chargeable	0..1 %String			
ChargeCode	0..1 %String			
Bin	0..1 %String(MAXLEN(5000))
