## New Video: InterSystems IRIS Reference Architectures

Hi Everyone!

New session recording from Global Summit 2018 is available on [InterSystems Developers YouTube Channel](#):

[InterSystems IRIS Reference Architectures](#)

The InterSystems IRIS Data Platform offers great flexibility in building scalable systems that meet your applications requirements in the most efficient fashion. In this video, we'll outline some hypothetical system architectures for various use cases, and you'll learn that flexibility doesn't necessarily have to mean complexity.

Takeaway: InterSystems IRIS can help me build a comprehensive, homogeneous solution.

Presenters: [@Benjamin De Boe](#)

Additional materials to the video you can find in this [InterSystems Online Learning Course](#).

Enjoy watching the video!
