Better performance

With this release, we significantly enhanced the performance of the Developer Community. Hope you noticed it )

Spanish Community enhancements

We introduced the Spanish Community in May 2019 and keep introducing enhancements to make

translations easier and more clear.

We introduced the subscriptions to emails notifications in Spanish. You can h So, if you open the Spanish Community for the first time you'll be asked if you want to receive those and if you do we'll turn on the Spanish notifications for you with the same settings you have in English.

If you don't want to receive the notifications in Spanish cancel this or Unsubscribe in your subscription settings on the Spanish site.

[Here you can examine](#) the features we introduced and bugs we solved in June 2019.

And here is the new [kanban for July 2019](#). Submit your [ideas, enhancement requests, and bug reports](#) and stay tuned!
