InterSystems Open Exchange June 2019 Digest

Hi Community!

This is the update on what are the new applications submitted on [OpenExchange](#) in June 2019!

New Applications

[Example Backup Task](#) published by [@Sergey Mikhailenko](#)

Sample database backup copying task with prior deletion of outdated copies

[A more useful Object Dump](#) published by [@Robert Cemper](#)

This small helper class allows you to dump an object to terminal or e.g in background to some stream for later review.

[Samples BI](#) published by [@Evgeny Shvarov](#) on behalf of [InterSystems](#)

This is a technology example of InterSystems Business Analytics tool with Cubes, Pivots, MDX Queries and Dashboards. The Sample is formerly known as "Holefoods "

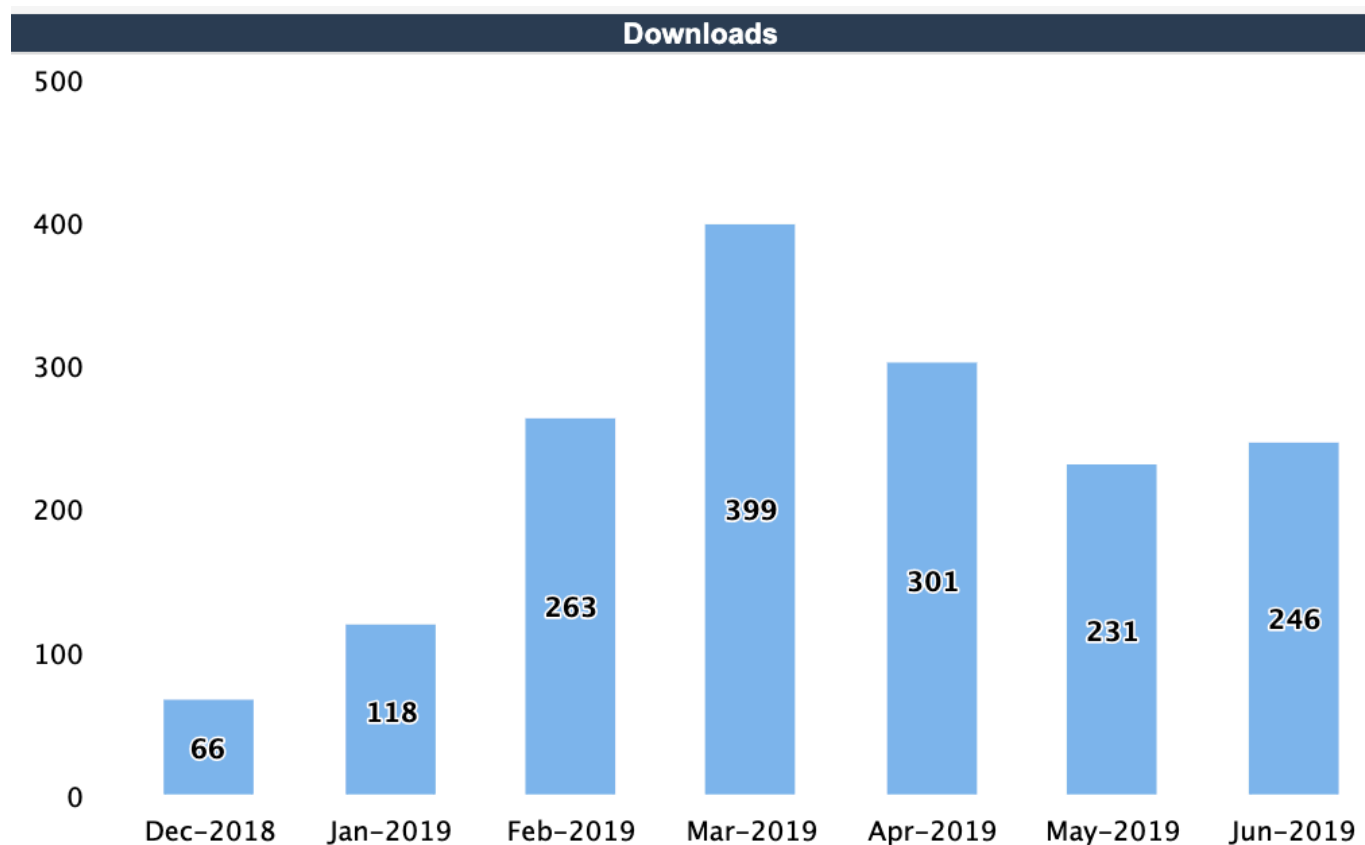

[Interjob communication Demo](#) published by [@Robert Cemper](#)

It's internal variant of [PIPE](#)

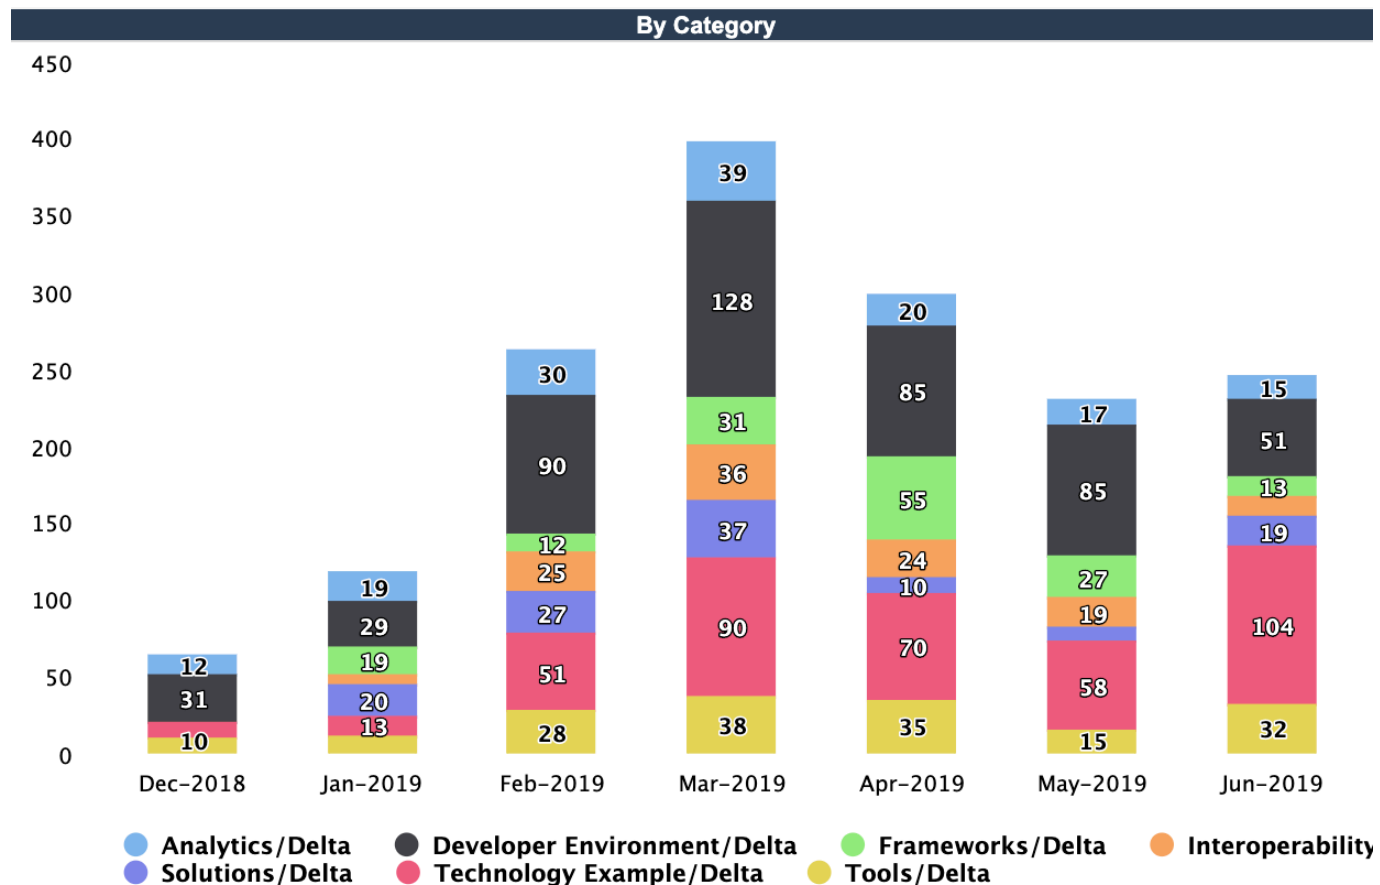

General stats

Total apps: 135
