InterSystems is nominated for the Computable Awards 2019! Help us to WIN!

Hi Everyone!

InterSystems HealthShare is nominated for the Computable Awards 2019! The Unified Health Record that we implemented together with our partner Itzos in the St. Maartens Clinic has a chance to become the "ICT Project of the Year in Healthcare".

A great honour, but of course we also want to win. We need 4,000 votes! Therefore we'd like to ask you to vote!

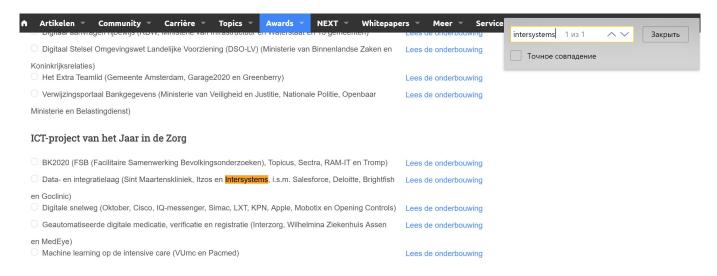

The process of voting is a bit complicated, but we created a step-by-step guide to make it easier:

1. Register on Computable website
