Online Learning - A Solid Design in InterSystems ObjectScript

[A SOLID Design in Cache Object](#)

In this session, we will discussing SOLID Principle of Programming and will implement in a example.
I have used Cache Object Programming Language for examples.

We will go step by step to understand the requirement, then what common mistakes we use to do while designing, understanding each principles and then complete design with its implementation via Cache Objects.

If you have any questions or suggestions, please write to me - sethisourabh.hit@gmail.com
