New Video: Globals Quickstart

Hi Community!

Enjoy watching the new video on [InterSystems Developers YouTube](#), recorded by [@Joel Solon](#), InterSystems Senior Technical Trainer:

[Globals Quickstart](#)

Have you ever wondered how InterSystems databases can support different data models without sacrificing performance or scalability? Well, the answer is — globals! Watch this video to see Senior Technical Trainer Joel Solon explore the fundamental data structure that sits at the core of every data model used in an InterSystems database.

[Learn more by viewing the Globals QuickStart.](#)

Stay tuned with InterSystems Developers!
