New Video: Scaling Fluidly with InterSystems IRIS

Hi Everyone!

New video, recorded by [@Benjamin De Boe](#), is already on [InterSystems Developers YouTube](#):

[Scaling Fluidly with InterSystems IRIS](#)

In this video, [@Benjamin De Boe](#), InterSystems Product Manager, explains how sharding capabilities in InterSystems IRIS provide a more economical approach to fluidly scaling your systems than traditional vertical scaling.

And...

To learn more about InterSystems IRIS and its scalability features, you can browse more content at <http://www.learning.intersystems.com>.

Enjoy watching the video!
