Ensemble: Getting error in GetProp+2^%CDCalBk when trying to test a message inside the tester in Studio

Greetings,

I am trying to test an hl7 message inside studio and when I click on the test button I get this error:

```
"<FUNCTION>GetProp+2^%CDCalBk" at 9:51 am. $I=/dev/null:50333010 ($X=0 $Y=54) $J=50333010  
$ZA=0 $ZB="" $ZS=65536 ($S=66023400)
```

I have never seen this before! Any suggestions?

Here a simple test message:
