Job Opportunity for Caché/Ensemble developer

A permanent job opportunity has arisen for a Caché/Ensemble developer with at least 5 years experience. My client is a specialist resource provisioner of developers for high profile clients in the finance, healthcare, retail, distribution and credit business that are mainly based in central London. My client is looking for a highly-motivated individual who thrives in an environment where problems are open-ended. If you want to apply for the job you must have a proven track record of building applications using InterSystems technologies and are able to work independently, be fluent in Caché Objects, SQL, XML, Integration and be fluent in English, too. My client has an A Rating Tier 2 sponsorship license and can offer sponsorship for the right candidate if coming from outside the European Economic Area (EEA) .

We do not offer a relocation package but will offer advice, guidance and help in relocation and can help with relocation costs through a company loan if applicable.

For further details and a chat, please send your CV to romina@kiotto.com
