Career Opportunity for Caché/Ensemble Developer in UK!

Hi All!!

I am currently recruiting a very exciting position to work for a leading Healthcare software provider who are on the lookout for an experienced InterSytems Caché/Ensemble Developer for a 4 month contract!

This will be working on a leading Childrens Health Product and developing applications for the NHS, particularly working on a migration.

We are looking for:

- Proven Intersystems Caché/Ensemble development experience;
- Proven data migration experience

Get in touch for more info on Rose.Blackburn@ transition-partners.co.uk

Thank you :-)
