Cache NodeJs Network Connection

Hi,

NodeJs(v0.10.0) to Intersystems Cache2014(using cache0100.node) network connection Not working .

This is error msg i'm getting

```
"{ ErrorMessage: 'Error loading Cache Library: _SYSTEMcache.dll; Error Code : 126 (The specified module could not be found.)',  
  ErrorCode: 1009,  
  ok: 0 } "
```

My Code ->

```
user.open({ip_address:"127.0.0.1",tcp_port:57772,username: "_SYSTEM",password: "SYS",namespace: "USER"},function(err,res){  
  
  console.log("Error : ",err);console.log("Result : ",res);  
  
  if(!err){  
  
    user.close();  
  
  }  
  
});
```

But path connection working fine.

Thanks
