New Issue of Developments

Hi Developers:

The latest issue of our Developments newsletter just hit inboxes, but if yours wasn't one of them, you can [download it from our landing page.](#)

In this issue, you'll get links to some of the keynotes from Global Summit 2019, go on a deep dive into machine learning, and learn about a November webinar on the Machine Learning Toolkit.

If you don't get Developments, consider [SUBSCRIBING](#).

Happy fall,

Jacquie
