New Video: Multi-Inheritance in a Multi-Model Environment

Hi Developers,

New video, recorded by [@Stefan Wittmann](#), is already on [InterSystems Developers YouTube](#):

[Multi-Inheritance in a Multi-Model Environment](#)

See how, with InterSystems IRIS and its support of multiple inheritance, you can save development time and create a highly flexible application that lets you view data the way you need it.

Learn more about the multi-model development capabilities of InterSystems IRIS on the [Learning Services site](#).

Why Multi-Model? Watch more videos [here](#).

Enjoy!
