New Video: The Value of Developing with Containers

Hi Community,

The new video from Global Summit 2019 is already on InterSystems Developers YouTube:

The Value of Developing with Containers

You've probably heard of containers, but do you really understand how and why to use them? This video will give an overview of container technology and discuss its benefits for rapid development and continuous deployment. We will also highlight features of InterSystems IRIS that specifically support Docker containers.

Takeaway: Using containers, I can streamline my development and deployment cycles.

Presenters: @ Thomas Carroll

Additional materials to this video you can find in this InterSystems Online Learning Course.

Enjoy watching this video!
