New Video: Collecting Healthcare Data with Alexa

Hi Community,

The new video is available on [InterSystems Developers YouTube Channel](#):

[Collecting Healthcare Data with Alexa](#)

Voice-enabled applications are becoming ubiquitous. Is there a place for them in healthcare? In this video, we will demonstrate using Alexa to incorporate patient data into the InterSystems IRIS for Health platform for use in notification and analytics.

Takeaway: InterSystems IRIS for Health can be easily integrated with voice recognition to build new kinds of healthcare applications.

Presenters:

[@Jin Kim](#), Sales Engineer, InterSystems

[@Nicholai Mitchko](#), Sales Engineer, InterSystems

[@Patrick Jamieson](#), Product Manager - Health Informatics Platform, InterSystems

Additional materials to this video you can find in this [InterSystems Online Learning Course](#).

Enjoy and stay tuned!
