Review InterSystems IRIS or Caché - get TWO \$25 Visa Cards!

Hey Developers,

We invite you to review the InterSystems Caché or IRIS on the [Gartner Peer Insights](#) and get two \$25 VISA Cards - one from Gartner Peer Insights and one from InterSystems!

We had this promotion in 2018-2019, and now it's so good to announce it also for 2020!

See the rules below.

#1: Follow [this unique link](#) and submit a review for IRIS or Caché.

#2: Make a screenshot of the headline and text of your review.

#3: Upload a screenshot in [this challenge](#) on Global Masters. After your review is published you will get two \$25 VISA Cards!

Note:

- Use mentioned above unique link in order to qualify for the gift cards. The Gift Cards are granted after review is published on the Gartner Peer Insights .
- Quantities are limited, and Gartner must approve the survey to qualify for the gift card. Gartner will not approve reviews from resellers, systems integrators or MSP/ISV ' s of InterSystems. Survey must be completed by Dec. 31, 2020.
- The survey takes about 10-15 minutes. Gartner will authenticate the identity of the reviewer, but the
