New Coding Talk: How to Install and Use ObjectScript Package Manager with InterSystems IRIS

Hi Community!

New "Coding Talk" video is already on [InterSystems Developers YouTube](#):

[How to Install and Use ObjectScript Package Manager with InterSystems IRIS](#)

In this screencast, [@Evgeny Shvarov](#) describes how to install and use the ObjectScript Package Manager (ZPM) with InterSystems IRIS.

➔ [Download ZMP from Open Exchange](#)

You can use InterSystems IRIS Community Edition to work with Package Manager: [InterSystems IRIS on Docker](#)

Packages we tested in the video:

- [ObjectScript Math](#)

ZPM command: install objectscript-math

- [WebTerminal](#)

ZPM command: install webterminal

- [Samples-BI](#)

ZPM command: install samples-bi

- [DeepSeeWeb](#)

ZPM command: install dsw

And...

You're very welcome to watch all Coding Talks in a [dedicated "Coding Talks" playlist](#) on our [InterSystems Developers YouTube Channel](#).

Enjoy watching the video!
