Global Masters Gamification Hub - Start Here

Hi Community!

We're pleased to invite all DC members to the InterSystems Global Masters Gamification Platform to get points and prizes for your contribution to the Community, learn with selected content about InterSystems technology, network with your peers and have fun!

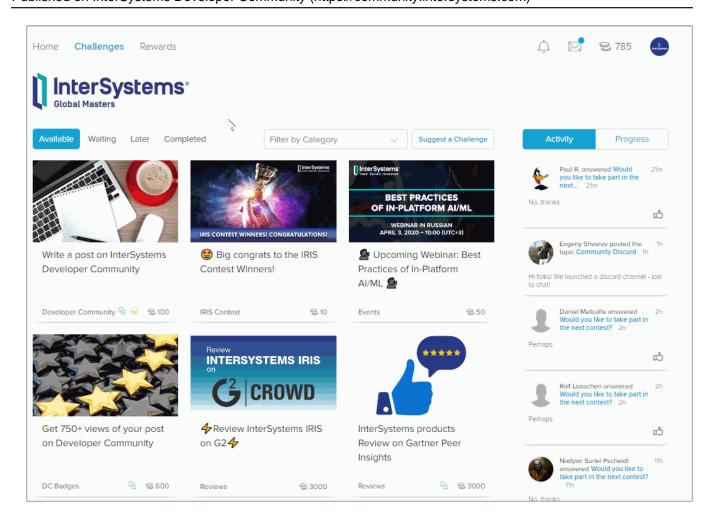

What is Global Masters?

Global Masters is a gamification platform, where you learn technology, complete tech quizzes, watch videos, etc. You will be completing challenges (tasks) related to ISC technology, earning badges & points, and exchanging points for a variety of rewards.

Each week 5-10 new challenges are issued announcing the most interesting articles on DC, best practices, videos, official InterSystems news, learning, and also fun tasks. That's a good way to stay up to date!

How does it look? Here's a sample of challenges and rewards:

Levels, Badges, and Privileges

There are 6 Levels in Global Masters. **The higher level you are, the more valuable prizes and privileges are available for you.** Contribute to Developer Community and Open Exchange, stay active on Global Masters to achieve the highest levels.

[List of all levels and badges](#) that will help you to advance to the next level.

How to Join

1. Go to [globalmasters.intersystems.com](#), click on the "SIGN IN with your InterSystems login" button, and use your InterSystems SSO credentials.
2. After you logged in, complete the challenge **"Customize your program! START HERE!".** This onboarding challenge unlocks all other challenges.

We are waiting for all InterSystems Developers in the Global MAsters Hub!

And we are very open to your feedback and ideas. Feel free to contact us at any time.

See you on InterSystems Global Masters today!
