New Video: Advances in Security

Hi Community,

Please welcome the new video on InterSystems Developers YouTube:

Advances in Security

This video provides an overview of new and upcoming changes to our security model. We will discuss TLS 1.3, LDAP improvements, and upcoming changes to user definitions and role escalations. We will also talk about the process of performing security scans.

Takeaway: You will gain an increased awareness of important security features and processes.

Presenter: @ Jon Sue-Ho, Senior Support Specialist, InterSystems

Additional materials to this video you can find in this InterSystems Online Learning Course.

Enjoy watching the video!
