## New Podcast: Mirroring Databases for High Availability

In Episode 5 of [Data Points](#), @Bob.Binstock9141 joins us to talk about mirroring databases for high availability in InterSystems products! Most of the discussion centers around this process in InterSystems IRIS, with a few notes about the differences when tackling it in HealthShare. Take a listen and let us know your thoughts!

For more information and to subscribe on your favorite podcast app, head over to <https://datapoints.intersystems.com>. There, you can also find links to the previous episodes. Make sure to rate the podcast if you're using Apple Podcasts, as well!
